

# ANJALI BUDHWAR

## FRONTEND DEVELOPER

Hello! I am a passionate frontend developer with a strong foundation in web development and a keen eye for design. Currently pursuing a Bachelor of Computer Applications (BCA) from Amity University, Noida, I thrive on creating engaging and user-friendly digital experiences. My academic journey began with a PCM background in 12th grade, where I developed a love for problem-solving and technology.

To enhance my skills, I completed a one-year certification in computer applications, which solidified my understanding of programming and modern tools. I specialize in building responsive and interactive web applications using technologies like HTML, CSS, JavaScript, and React.js. Driven by curiosity and continuous learning, I aim to contribute to innovative projects that make a difference.
